No. Cheryl left messages for the 4 residents and told them that they should contact the county if they wanted to receive water. Only one has contacted the county so far.

Pat – Is the highlighted sentence true? I thought that Cheryl was going to contact the 4 homes and let them know that we can't share their PII, and that they would need to contact the County to provide them with their data, because the County was working out a confidentiality agreement with the Coalition/CSD, and therefore, their PII could be protected and they could get water/treatment through the Coalition.

Linda
